

Surpass Partners with Examity to Expand Online Proctoring Services

The partnership complements existing services, providing greater choice for certification bodies

Exton, PA, USA, 14th January 2021 - BTL Surpass and Examity today announced a partnership that will provide technology and services to the certification and licensure industry.

Examity, the pioneering online proctoring provider recently recognized as one of the fastest-growing technology companies in North America, will provide the Surpass Community with an even greater range of online proctoring services. The new initiative will enable more flexibility for Surpass Community members delivering high-stakes assessments remotely, or as part of a hybrid test center model.

BTL Surpass, well known for its advanced technologies and recent winner of the Queen's Award for Enterprise as well as multiple international and US awards in 2020, has helped certification and licensure organizations to securely deliver over 30 million high-stakes exams.

Surpass customers have already received ANSI ISO/IEC: 17024 accreditation to administer online proctored exams using Surpass proctoring services. Examity's services combined with the Surpass item banking and test delivery technology will provide organizations with a best-in-class solution for the secure delivery of live, remote exams.

Andy McAnulla, President of BTL Surpass Inc. commented:

"We're delighted to be partnering with Examity, who are such a well-known and trusted solution within the industry. We have already received incredibly positive feedback from organizations delivering high-stakes certification and licensure exams about the unique offering of a 2:1 average ratio of candidates to proctors for secure live proctoring, combined with the advanced capabilities of the Surpass item banking and test delivery platform. We see this partnership as a great step forward in our mission to improve the assessment experience for everyone, which is especially important in these challenging times."

Jim Holm, CEO at Examity, added:

"BTL Surpass has long been recognized as a trailblazer in the development of innovative approaches to assessment. This partnership is about bringing a new dimension of security and integrity to their industry-leading platform, in ways that will create a more streamlined and secure assessment experience."

About Examity

Examity was founded to meet the needs of colleges, employers, and assessment providers looking to ensure test integrity.
